

# TO SG Tucker's Outdoor Sculpture Gallery

Tucker's Gallery is a retail outdoor sculpture gallery managed by the Caldwell Arts Council. It is located in downtown Lenoir, NC and is named for the town's historical Tucker family, who settled in the area in 1797. Their barn was located near the Caldwell Arts Council and served as everything from a voting precinct and muster ground to a store and a place for "frolics" and celebrations.

Operated in partnership with the City of Lenoir and the Lenoir Tourism Development Authority, twelve street-side planters were converted into pedestals for this retail sculpture gallery. For your convenience, the pedestals are all within one block of the intersection of Main Street NW and Harper Avenue NW in the heart of downtown.

Works are on exhibition for up to one year and are available for sale. If you would like to purchase one or have questions about the gallery or our exhibiting sculptors, please contact us at the phone number below.
